## *Supplier of the Year 2007*

### *of ABB Automation Products*

### *LV Systems*

ABB Automation Products, LV Systems has appointed Favor AS, in Maardu, Estonia as Supplier of the Year 2007.

*Favor has entered a business partnership with ABB Automation Products, LV Systems, in a very good and professional manner. This is visible in several of our most important areas such as on time deliveries, good and reliable quality records, cooperation in all aspects and with all involved functions. In addition they have shown a willingness to develop and invest in the company to meet requirements and challenges for the future. Favor has also shown that they are a good partner to have open minded discussions with concerning product development and cost reduction.*
